## HUERTA AGREES TO SALUTE THE U. S. FLAG

### HUERTA TO SALUTE

Washington, April 16.—President Wilson said this afternoon that final arrangements with Huerta by which Mexicans agree to fire salutes are not complete but negotiations are under way.

(Special to The Dothan Eagle.) Washington, April 16.—Late this afternoon Senator Shively chairman of the Senate Foreign Relations Committee, said Huerta has agreed to salute the American flag if Americans would salute in return. This is in accordance with naval etiquette. A spirit of optimism prevails about the White House.

The fleet may be recalled by wireless. The war department has asked for detailed information concerning preparedness of state militia from state adjutants.

The House Foreign Relations Committee passed a resolution this morning unanimously endorsing the President's policy.

(Special to The Dothan Eagle.) Mexico City, April 16.—Fire in the business section early this morning did \$1,750,000 damage. It is believed to have been incendiary.

### Mexican Situation

This is the Mexican situation today: The President stands firm in demanding a salute to the flag. If Huerta refuses the United States ships will blockade Vera Cruz, Tampico, Puerto Mexico, Mazatlan,

## LEO M. FRANK WILL NOT HANG ON TOMORROW

(Special to The Dothan Eagle.) Atlanta, Ga., April 16.—Leo M. Frank will not hang tomorrow for the murder of fourteen-year-old Mary Phagan. Frank's attorneys today filed an extraordinary motion before Judge Hill for a new trial on the ground of newly discovered evidence. The court set next Wednesday for hearing the motion.

The principal grounds set forth are that Mary Rich, a negro, saw Jim Conley emerge from the factory about the time Mary Phagan was murdered and repudiation of former testimony by several state witnesses.

So many quarrels are foolish and unnecessary.

Acapulco and San Salina Cruz. Huerta is expected to ask that the matter be submitted to arbitration. This will be rejected by the United States.

Huerta is believed to be determined to force intervention to prevent his overthrow by rebels. If Huerta resists American soldiers, foreign powers will be notified by the United States that war exists with Mexico, but no formal declaration of war is necessary because Mexico has no government that is recognized by the United States.

The army is "marking time" ready to follow the navy into Mexico. Reports from Vera Cruz say the United States is negotiating with railroads there for transportation of troops to Mexico City if it becomes necessary.

## A REBEL SHARPSHOOTER AND HIS INSTRUMENT OF DEATH

This photograph depicts a crack shot of the rebel army training his rapid fire machine gun on a detachment of retreating Federals on the outskirts of Torreon.

## WHISKY FIGHT MAY BE STAGED, SAY REPORTS

That the City of Dothan must replace all liquors seized in the Central of Georgia depot and removed to the storage room on North Foster street by the police department, was the statement made on the streets today accredited with coming from H. F. Reid, division counsel of the Central of Georgia Railway.

A representative of The Eagle called at the office of Mr. Reid today and asked him if he had any statement to make concerning the whiskey situation. Mr. Reid politely declined to discuss the subject.

### The Webb Bill

The Webb bill, which was passed by the United States Congress, makes the shipment of intoxicants into dry territory for illegal purposes, unenforceable to the laws of the State or municipality, just as soon as the shipment crosses the border line. According to this bill, liquors for such purposes may be seized from the railroads, or other transportation lines or companies.

### The Fuller Law

The Fuller bill, a law passed by the Legislature of Alabama, authorizes the State or municipal officers to search places where it is expected intoxicants are kept for illegal purposes, and to seize and confiscate such liquors if found.

When the Webb bill was up in Congress, Judge William H. Taft, then President of the United States took the position that the measure was unconstitutional. He was joined in this opinion by the then Attorney General of the United States.

### Ruling in Kansas

A few days ago the Supreme Court of the State of Kansas ruled that the Webb bill is constitutional, this being the first time the Supreme Court of any State, announced a decision in the matter.

It is believed by leading attorneys, in different parts of the United States, that practically all State courts, will make similar rulings, should such cases come up.

### The Higher Tribunal

What the attitude of the Supreme Court of the United States will be, no man knows. It may be that this high tribunal will hold that the Webb bill is constitutional, and it may be that a negative decision will be rendered.

The question has never been put before the United States Supreme Court, but it is thought it will reach there in the future from some State for a final decision as to the constitutionality of the much-disputed Webb bill.

### THE FIRE ALARM

The fire alarm was turned in this morning about 10:30 from the High School building, when an alcohol lamp was overturned in the laboratory department. An excited student turned the alarm in but the fire was promptly smothered out with no damage done.

J. F. McKenna, of Ashford, was in Dothan this morning for a while on business.

## HILL RESIGNS POSITION AS CITY ATTORNEY

Says Certain Things Have Developed Recently About Which He Was Not Comforted, Nor His Advice Solicited.

Ernest H. Hill, for about four years City Attorney of Dothan, has tendered his resignation to take effect immediately.

Mr. Hill's resignation was drawn up today at noon and signed, and the original copy ordered filed with City Clerk R. W. Lantry, to be put before the City Council for consideration.

For about four years Mr. Hill has acted in a legal capacity for the City of Dothan, and some of the ordinances framed under his direction have been declared invalid by the higher courts.

In tendering his resignation, Mr. Hill points out that certain things have developed recently about which he was not consulted, and as the head of the legal department of the municipality, he thinks his advice should have been solicited in these matters.

Mr. Hill says: "Certain things have developed recently about which I was not consulted by my advice solicited, and for which I am in no wise responsible, but should I continue to occupy the position as City Attorney the blame, if any, would be visited upon me."

Following is the full text of Mr. Hill's written resignation: Attorney Hill's Resignation.

April 16th, 1924.

To the President and Members of the Honorable City Council: Dothan, Ala.

Gentlemen:

I herewith tender my resignation as City Attorney for the City of Dothan, the same to take effect immediately. I regret the circumstances that force me to take this step, but in fairness to myself I think this course the only reasonable one for me to pursue. My relations with the City Council have been pleasant and the Council as a whole have given me their unqualified support, all of which I deeply appreciate, but certain things have developed recently about which I am in no wise responsible, but should I continue to occupy the position as City Attorney the blame, if any, would be visited upon me. Therefore, the exigencies of the case demand that I submit my resignation.

Respectfully submitted,

ERNEST H. HILL.

## INVOKE NEW LAW FOR THE FIRST TIME

(Special to The Dothan Eagle.) Washington, April 16.—Joseph W. Folk, chief counsel of the Interstate Commerce Commission today asked United States District Attorney Wilson for indictments under the compulsory testimony act against Samuel Hemingway, president of the Second National Bank of New Haven, and Samuel Morehouse, attorney, for their refusal to testify concerning the New Haven Railroad relations with the Hillard Company.

The matter will be taken to the federal grand jury at once. This is the first time this law has been invoked. The maximum penalty is \$5,000 fine and one year imprisonment.

## 9 MEMBERS OF SHIPS CREW WERE BROWNED TODAY

(Special to The Eagle.)

Seabright, N. J., April 16.—While crews from two life saving stations struggled to save them, nine members of the crew of the schooner Deckley of Jacksonville,

Martinson was the only member of the crew saved. He was taken to a hospital.

When the vessel was blown ashore the men lashed themselves in rigging, but this was soon carried away by mountainous waves. Life savers finally shot a line to the vessel and Martinson was dragged ashore through the surf.

### NUNNELEE WILL BE IN SECOND PRIMARY

(Special to The Dothan Eagle.) Montgomery, Ala., April 16.—Mr. Nunnelee announced this morning that he would positively be in the run-off for Secretary of State against Purifoy in the second primary. Nunnelee declared reports that he will withdraw are unfounded.

## 6000 FEDERALS HEMMED IN BY VILLA'S TROOPS

(Special to The Dothan Eagle.) Torreon, Mexico, April 16.—

Hemmed in by Villa's troops the six thousand federals who fled yesterday from San Pedro are desperately fighting for their lives on the shore of Lake Mayran, east of San Pedro, according to runners arriving here with messages from Villa. The rebel leader expects to capture the entire force within a few hours. Three thousand fresh troops have been sent to assist him.

"Help us to move the Alabama State Capital from Louisville, Kentucky, back to Montgomery."  
A vote for Comer is a vote against the present administration. Want some more of this kind?  
Who lent the car and bent the knee to the Railroads and threw away your money and your rights in the recent shameful surrender?  
"TWERENTY OLD COMER"  
It is costing the State \$2,560 more a day to run it now than it did under "Old Comer."  
In the three years, "Old Comer" spent \$100,000 and saved for the people of Alabama over \$6,000,000 on freight and passenger charges.  
The papers fighting Comer, are the ones that fought for O'Neal. You want their choice again?

## ADJUSTMENT OF FREIGHT RATES

A produce merchant of Dothan bought a car load of oranges, which were shipped from California. The freight on the car, when it got to Dothan was around \$400. Of this amount about \$100 or \$125 was charged for bringing the car from Montgomery here, a distance of 120 miles, while the other \$300 was the charge for bringing the car about 2,500 miles.

Had the rate from Montgomery to Dothan applied all the way to the Pacific Coast, the car of oranges would have cost about \$2,000 to Dothan.

The Houston Guano Company received a car load of fertilizer, or material to be mixed with fertilizer, from Jackson, Ala. The freight on the car to Dothan was \$105, the minimum price per car. The product, or contents of the car, was valued at \$170.

Fertilizer can be shipped from Savannah to Montgomery for \$2.57. To put it off at Dothan, it is the above amount, with local rate added from Montgomery here.

If you remember a conference of the Flower of Alabama's manhood, not one time, and promised the people that if the right man got in power, Old Comer's laws would be broken from the books. That is, all laws that hindered, but the pro-

Mr. O'Neal got in the race for governor, they didn't propose to disturb anything much but the Comer laws.

Subsequent history shows us that the prohibition laws were the only Comer laws bothered at all. The other things, from which the people were suffering, to hear them tell it, were allowed to remain on the statute books, undisturbed.

Who wants the present administration continued?

The same friends who put O'Neal out, are telling you now to leave Old Comer out.

If those people were right in their conclusions and advice four years ago, when they advised us to return to sanity by electing O'Neal governor, then they are right now. They are backing Henderson. The same speakers who told you four years ago, that O'Neal was the only man to save the state, are now telling you that Henderson is the man, to save it again. If O'Neal moved it then why should it be saved again so soon.

The people—the business folks of Alabama who have been paying exorbitant freight rates, don't expect much relief along this line from Mr. Henderson. He has shown that he was willing to go out of his way to settle the rate case for the roads against the pro-

The average politician takes himself too seriously.

Keynotes are easily sounded these days of political upheaval.

If reports are true, and many reports are true, it would seem that Villa's character isn't just what it should be.

If Capt. Kell runs for anything in the future, and gets defeated, and is importuned to turn over his following to another man, it is to be hoped that an agreement can be reached before he begins to "choke with emotion." This choking with emotion business has no place in Alabama politics.

Well, if Comer is elected governor, every man in Alabama knows he would stand for law enforcement. He wouldn't allow a sheriff to hold his job, where it was shown that he was not doing his sworn duty. Blind tiger operators who are convicted and sent up, would have to present an unusual record to get a pardon from Comer. He would be with the people who want the law enforced, and would discourage lawlessness by pardoning violators of the law who had been regularly convicted.

## SAVING THE FLAG ON MIGHT.

The action of President Wilson in deciding to force Mexico into a recognition of the United States, will receive the hearty endorsement of Americans.

The situation in Mexico has been tedious and the administration does not deserve criticism for the conservative policy of playing a waiting game in the hope that Mexico would settle its rows without the intervention of the United States.

The effect that intervention might have on foreign relations with this country, has caused the administration to deal as delicately with the problem as the circumstances would permit, and rightly so.

But now Mexico has heaped insult upon injury, and patience has been taxed to the breaking point. Indignation upon American citizens have been tolerated; the destruction of the property of Americans in Mexico has brought forth only verbal protest; but when the American flag is flagrantly insulted, it is high time some real action is taken.

More persuasion has failed to pacify the ill-will government. It might be well to try powder and bullets. This has always proven effective, and there is no reason why it should not prove so now.

The American nation has been insulted, and Mexico should be made to recognize by saluting Old Glory. The world may know that Americans are not out from: nervous.

The latest insult to Americans should not go un-answered. We have

## TRIUMPH TO THE SUM AND THE MOMB.

From E. W. Howe.

In Mexico, a respectable man named Luis Terrazas is being held for ransom by Villa, an outlaw.

Luis Terrazas has already paid \$625,000 blackmail to Villa, the man being extorted from him by means of torture; a rope was put around his neck and his body suspended in the air until he agreed to pay the sum demanded.

Now Villa demands as much more, but Terrazas says he cannot raise the amount, as the outlaws have confiscated his property.

Terrazas' father, eighty-three years old, has appealed to the different governments to rescue his son; but nothing is being done, except that the newspapers, almost with gloom, contrast the prisoner's present condition with the days of his prosperity. Mr. Donley's joke about Villa flying his victim in oil was illustrated in the Sunday papers of March 15th; and Hon. Page, an ambassador to England refers to the inhuman treatment of Terrazas as "Vande-Villa."

All the so-called civilized nations are looking on, and their statements appointed to attend to such affairs, say they can do nothing.

Villa is not only a thief and murderer, but a rapist; he forcibly carried off the white woman he is now living with.

It has been publicly stated, and apparently proved, that Villa is a negro, a mulatto who deserted from one of our cavalry regiments several years ago, and became an outlaw in Mexico.

There is no civilized code he has not violated, yet the newspapers are making almost a hero of him. I venture the prediction that within a few weeks the papers will print a picture of the woman he carried off, and say she has learned to love him.

Villa, the thief, murderer and rapist, is located almost within a stone's throw of thousands of United States soldiers, yet he laughs at our statesmen, who have done nothing except appoint a committee to investigate him.

I do not say Terrazas is better than Villa, but I do contend that Terrazas, in spite of the fact that he is one of the leading citizens of Mexico, and in spite of the fact that he once had money, is as good as the most noted thief, murderer and rapist of modern times.

Our modern way of legally marrying women of their own color may not be better than a nigger carrying off a white woman; but the civilized way is certainly as respectable as the savage way. The fact that Terrazas has a wife and ten children is no more discreditable than the fact that Villa is living with a mistress and has no children.

I do not say Terrazas is more respectable than thieves, murderers and rapists, but may I not declare, without fear of personal violence, that he is just as respectable, and entitled to protection?

Cowards look up to power, however unfairly it may have been achieved. If Villa should invade the United States, and reign over us as absolutely as he now reigns over Northern Mexico, millions of people would acclaim him as a great statesman. Postmasters would say he was greater than Wilson, or Roosevelt, or Grant, or Lincoln and work to keep him and themselves in power. Half the women would push and crowd as at a bargain sale to "meet" Villa's woman, the First Lady of the Land, and the newspapers would print her views about things.

I do not say the people of Mexico were entirely content when law and order reigned, but I do say they were better off than they are under

Villa.

I do not say conditions were perfect in Mexico when men like Terrazas were in control, but I do say that in no country in the world, at no time in history, was Anarchy as good for the general welfare as law and order; there never was a time when men like Terrazas did not rule a country most justly, and more to the advantage of the poor as well as the rich, than men like Villa.

Villa has not only captured the country, but is actually dividing it among his followers; every man gets a specified number of acres.

Is this not exactly what the Anarchists have been talking about for centuries?

Among the followers of Villa, I doubt if there is a single man of respectability and intelligence. They are soldiers of fortune; men who believe the world owes them a living. I doubt that among the followers of Villa may be found a man who has ever held a good job, and given satisfaction. Certainly in Villa's army cannot be found a man who has done anything for the material advancement of Mexico; or a man who has invented anything of value; or a man who has owned a farm; or a merchant, or a decent professional man.

Probably ninety-seven out of every hundred of his followers are unable to read; Villa himself cannot.

A large majority of Villa's supporters are addicted to the use of intoxicants; ninety-seven per cent of them are shiftless and idle, and live in huts instead of houses. Most of them live with mistresses instead of wives; few of them have homes, or parents they can refer to with pride.

Yet this band of cutthroats and vagrants have captured a country, and are dividing it up.

Our soldiers, on whom we have spent billions, in order that they may maintain civilization, are looking calmly on at this violation of every decent principle, and do nothing. The doctrines practiced by Villa and his men are ruthless not only for the poor, but for the middle class. Their doctrines are a denial not only of justice, but a denial that civilization is better than savagery; a denial of the doctrine that education is better than ignorance, or virtue preferable to vice.

For hundreds of years, civilized and intelligent men have laughed at the doctrines of the Anarchists as impossible; yet the Anarchists are today putting their favorite principles into effect, and without protest from civilized men.

The cut throat, the bandit, the loafer and the prostitute have won in Mexico. They have "taken over" the property of the country, without reference to law or justice. Their leader is a professional outlaw and murderer. They are dividing Mexico, and no part of it goes to respectable men.

Yet I have heard no protest; it is all regarded as about what should happen, not only in Mexico, but everywhere.

Do you realize what it means?

If you do not, let me tell you: It means that the notion that moderation will finally assert itself, is not true.

Moderation needs help. If you are in favor of it, you must speak up.

## ADVANCE BOLL WEEVIL HERE

Government Expert Says There  
Will Be Damage From the Pest  
in This Section Next Year.

That the advance boll weevil is already in this section, and the ravages of the pest among the cotton fields will be felt next year, was the statement made today by John A. Ramey of Waynesboro, Miss., field forecast agent of the United States Department of Agriculture. This is Mr. Ramey's first visit to Dothan, but he says he will now make this point every thirty days.

"This town impresses me more than any I have visited in Alabama, with the exception of Gadsden," he said. He placed the Etowah metropolis and the Wiregrass metropolis on a parity, in his opinion.

Mr. Ramey was asked to give a fair statement in regard to the boll weevil insofar as this section is concerned. He said he never liked to discuss a distressing subject, but that he considers it but plain honesty to deal with the situation fairly.

"The advance boll weevil is already here," he said, "but there would be but very slight indications this year, but next year the weevil will be felt more forcibly."

He said that in 1916 the boll comes in.

weevil would be here in such a way that the farmers would realize the damages wrought in an unmistakable manner. The problem then will be very serious, he says.

He was told that a co-operative association among the farmers and business men had been organized, through the efforts of the Chamber of Commerce.

"The diversification movement is not my line of work," he said, "and I do not care to discuss it officially, but I will say as an individual that the undertaking meets with my hearty approval."

Mr. Ramey has been in close touch with the boll weevil in the Rio Grande section of Texas; in Mississippi, and other States. His territory now covers portions of Louisiana, Tennessee, Alabama and Mississippi.

C. O. Box of Dothan Route 6 was a visitor to the city today.

Acting under a law of 1912, the New Jersey State Board of Health has issued the following rules, which are to be followed by all consumptives in that state:

1. All persons suffering from pulmonary tuberculosis (consumption) shall effectively destroy their sputum (spit).

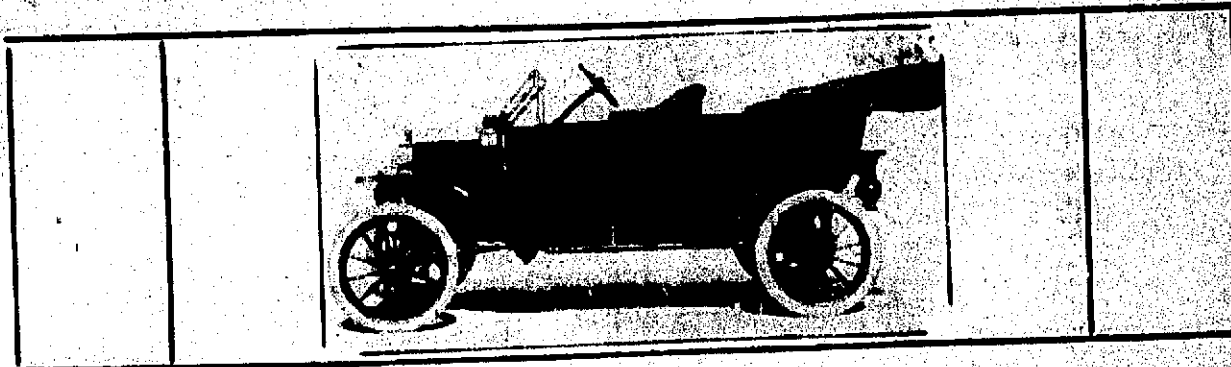

2. All persons suffering from running sores due to any form of tuberculosis shall burn all soiled dressings immediately after removal.

3. The room occupied by a tuberculosis patient shall have at least one outside window.

4. No person suffering from pulmonary or other communicable form of tuberculosis shall handle food designed for the use of others except when necessary in the performance of household duties, unless the food be wrapped in such a way as to protect it from contamination or unless such as cooking will sterilize it and prevent its carrying infection to the consumer.

5. The manufacturing of any kind of goods for commercial purposes or the performance of any work known as "shop work" in the home of any person suffering from pulmonary or other communicable form of tuberculosis, is prohibited unless the product is such as can be sterilized, and unless sterilization is done in strict accordance with the requirements of the local board of health.

# LOW COST OF LIVING SHOW

OPENS TODAY IN OMAHA

(Held at The Dothan Trade Center, Omaha, Neb., April 16.—The first "Low Cost of Living Show" opened here today under the auspices of the Omaha Retail Grocers' Association. Its object is to teach those who buy for Omaha houses how they may get the utmost for their money and derive the most nourishment from their meats and groceries after they are purchased.

The exhibition rooms contain a large number of interesting exhibits and many notable lecturers will be heard by those who attend.

There will be lessons in cooking, cutting and selecting meat, preparing vegetables and other foods and managing a household. Even the baby will not be forgotten. There will be a baby health show, where prize infants will be admired.

Dr. D. F. Langworthy, chief of the nutrition investigation of the government department of agriculture will be in charge of the exhibits which illustrate the nutritive values of different food stuffs.

Dr. G. H. Condra, executive secretary of the public welfare commission of the University of Nebraska, will show moving pictures of Nebraska beet sugar production, the state apple industry, irrigation methods, the state university and the state fair baby contest and will deliver lectures in connection with the running of these films.

Many Western colleges, which have domestic science departments, or home economics as part of their curriculum, will co-operate with the show. Those attending will have a chance to see an exhibit by the Federal Bureau of Chemistry which later will be a feature of the Panama-Pacific Exposition at San Francisco.

J. E. Kirk, a local grocer and the vice president of the association, is the inventor of the "Low Cost of Living Show" idea. Chicago, and other cities have taken it up, and it is understood, will follow Omaha's example.

Some special prices on sterling knives, forks, spoons, etc., at Strickland's.

Willie C. Hardy came through his turnip patch yesterday and pulled up one that weighed nearly 6 pounds, and the people are just as hungry for turnips as they can be.

Class Number Eight of the Highland Avenue Sunday School will serve cream and cake at the church lawn on Friday evening, April 17, from 7 to 10. Proceeds to go to Home Missions.

# GIRL BURGLAR ADMITS LONG LIST OF ROBBERIES AFTER HOT FIGHT WITH DETECTIVE

CHARLOTTE PAINE, "GIRL BURGLAR," IN CUSTODY OF A DETECTIVE.

New York, April 15.—When Charlotte Paine, nineteen-year-old girl, was arraigned before Magistrate Nash, in the Williamsburgh Court, she pleaded guilty to burglarizing the apartment of Mrs. Anna Berger, the wife of a wealthy butcher. The girl informed the Magistrate in an insolent tone that there were "plenty of other jobs that I could plead guilty to, but I won't." When captured by Detectives Ferris and Flinchett the girl resisted arrest with all her might. She tore, scratched, kicked and bit with all her might, and the officers had a hard time subduing her. When searched at the station by a matron, the girl had a regulation Jimmy and a bunch of skeleton keys hidden in a secret pocket of her dress. She admitted that she was a member of a gang of men criminals.

## MIDLAND CITY NOTES

Joseph Harrison and Carl Glover, two school boys, about fourteen years of age, became engaged in a difficulty last Friday afternoon which resulted in young Glover giving Harrison a painful wound with a knife.

W. O. Giffey who lives three miles southeast of town, lost his dwelling, furniture, corn, meat and some hogs by fire Saturday.

The second quarterly conference of the M. E. Church was held here Monday morning at 8:00 o'clock with Elder Dickinson presiding. The church affairs were gone over minutely and the presiding officer expressed himself highly gratified at the most excellent showing made.

A most delightful party was given Monday evening by Dr. and Mrs. Irby A. Black in honor of Miss Fay. Saturday evening from 8:00 to Reynolds of Brundage. The guests

were met at the door by Mrs. Black and introduced to the guest of honor. Sweet strains of music flowed most pleasantly from the piano, touched so perfectly by Miss Helen Carter.

Progressive anagram and other games were enjoyed by the assembled parties. Punch was served by Mrs. Bryant Pope. Later a very delicious ice course was served by the hostess. Miss Reynolds won the trip to Europe in the Montgomery Journal contest which closed recently, which fact attests her popularity.

Those who were so fortunate as to be present were Misses Rubie Hawkins, Lucile Durr, Grace Stark, Irene Hawkins, Helen Carter, Fay Reynolds, Vida Stephens, Mary Clark, Messrs. Richard Beverett, Homer Preston, Spurgeon Howell, Ivan Belcher, Alto Askew, Dowling Pope, Talnage Smart, Virgil Floyd, Adger Moore, Mr. and Mrs. Bryant Pope and Dr. and Mrs. Irby A. Black.

RADIUM CURE OVER  
\$5,000.000 PER POUND

Radium is scarcely obtainable at this fabulous price, so it is not expected that Wm. B. Patty carries a half-ton, but it is a fact that he will bring several tiny tubes of the marvelous substance to show to the audience and to perform experiments with, at the High School, Wednesday evening, April 22, when a demonstration of Liquid Air and Wireless Telegraphy will also be given. The term "mystery" seems inadequate in referring to Radium; "miracle" appears none too strong. Each particle of this wonderful mineral constantly gives heat and light and "perpetually" throws off the United particle itself, yet apparently does not diminish in weight or strength and scientists estimate this phenomena will continue for many thousands of years before Radium's energy dies out.

## DO YOU TREAT YOUR EYES RIGHT?

They should be given Attention at All Times.

Some persons ignore the warnings given by failing sight and allow the strain to continue to exert to the detriment of sight. The longer an eye trouble is allowed to run without the services of a competent eye-sight specialist the more difficult to remedy becomes the defect. Simple ailments may go into serious defects. The proper thing to do is to seek a competent man, ask for an examination and learn exactly what is the trouble. Dr. Maerow has guaranteed his work ever since he located here. He has treated scores of supposed difficult cases, established perfect sight, and his patients have so testified. What he has done for others he can do for you.

Dr. Maerow's office is at 111 N. Main street over the Cash Drug store; he can be seen every Thursday, Friday and Saturday.

REAL ESTATE

A PRIME INVESTMENT

FOR SALE—

There is no more profitable investment than real estate. Carnegie says: "Real estate is the only thing that is closed to the masses through increase of value." It can't burn. It can't rust. It is value. Why leave your money in the bank at 4 per cent. when you know that increased values far exceed it. Your industrial men are property owners.  
Here are few of the offerings we have:

A very large lot on corner of North and College Streets. At least five or six lots can be gotten out of this lot and vacant property is getting very scarce in this immediate neighborhood. Price \$1400; one-half cash.

Four room house and store on corner of Montana and Powell Streets for \$700. Renting to good paying white rental at \$9.50 a month. You can calculate this interest very readily.

A four room house and large lot on East Lafayette Street for \$900. Can sell nice my room house and large lot on corner of Washington and East Streets for \$2500.

Good five room house together with two vacant lots, 10 by 210 feet each, the house lot being same size, all for one thousand dollars in good white neighborhood.

Five room house and very large lot on North Adams Street, between Adams and Henderson streets for \$1600. Property is improving very fast in this neighborhood.

Your room house and nice lot on north Lena Street for \$1200. Terms if desired. This property is near city High School and a big bargain.

A beautiful vacant lot near city High School very cheap and most attractive terms.

## Goods for all the Family

We sell goods for all the family and at prices much lower than the store that carries only one line of goods. For instance, if you patronize our Grocery Department you save from 10 to 25 per cent. And it's the same in the Dry Goods, Ladies Ready-to-Wear and Millinery Departments. The chief reason for our lower prices is a lower operating expense coming from being out of the high rent district, owning our own store building and doing practically all the work ourselves. You can materially lower the cost of living by trading with us.

**THE FACE BENEATH AN EASTER BONNET**

It was out of straw or chicken. I am far from certain which. It was lined with pink—or was it?—mosses rich, that face and crown mingled in the trim. The sweetest thing about it was the face beneath the brim. Two wrinkles round the edges. And it was crumpled at the back. And its narrow strings and streamers. Wore of velvet ribbon black. And she wore it tipped or tilted. Just according to her whim. But I lost my heart forever. To the face beneath the brim.

**SPRING DAYS**

May stole some of April's children. Just in play. Spring them on an unsuspecting public in a most surprising way. Sniffing, tearing, so provocatively capricious they. Now it's April's turn, and she—so sweetly mild—Every now and then, to balance things, meet pass off as her child. One of March's left-over children; make they are, so boisterous and wild.

**MISS PAUL**

One of the prettiest of the many garden girls in honor of Miss Lily Bell, a bride-elect of next week, was the Marchessaux Shower, given on Wednesday afternoon, by Miss Emma Bell. The entire lower floor was thrown together, and was a house of bloom and beauty with hundreds of flowers, ferns, and sweet peas. As the guests arrived, they were greeted by Mrs. W. E. Wilson and

Mrs. S. A. Jeter, and introduced to the receiving line by Mrs. E. N. Passmore.

In the line with Miss Winnie Baxon was the bride party. Miss Baxon's toilette was fashioned in white satin, with pearl trimmings, she carried an arm bouquet of pink enchantress carnations. Miss Dell wore an embroidered sponge with lace and embroidered medallions; her flowers were white enchantress carnations. Miss Minnie Cave wore pink chiffon over satin; Miss Janie Farmer, yellow satin; Miss Ruth Stapleton, pink charmeuse; Mrs. Hugh Smith, light blue charmeuse; Mrs. Joe Kay of Cordova, Ga., pink mesquite; Miss Florrie Malone, blue crepe georgette; Miss Maude Crawford, blue crepe de chine; Miss Nettie Leelle, white taffeta; Mrs. Arthur Usery in pink charmeuse, and Miss Heard in black charmeuse with imported medallions, and cut glass beads. Reception hall and parlor were beautiful in the arrangement of crystal bowls and vases of red lilies and red roses.

From the parlor, the guests were invited into the dining room by Mrs. J. T. Brock and Mrs. Harline Graham. Here the decorations were unusually pretty and elaborate. The dining table was spread with a lace piece, on this rested a large rustic basket, filled with sweet peas, the handle was trimmed with similar and studded with sweet peas. The chandelier was festooned with similar, and from this to either end of the table, vines made of sweet peas were draped and caught with crystal candelabra, holding green candles with green shades. On the table was a miniature bride and groom, and pink mistle. Bowls of sweet peas, roses, and pink verbena were placed on the buffet, serving table and cabinet. Here Mrs. W. F. Usery received, and delicious cream and

cake was served by a bevy of sweet young girls, Misses Florine Usery, Annie Baxon, Marguerite Ghent, Sue Stapleton, Annie Howell Jordan, and Gussie Mae Stallings.

From the dining room, the guests were invited into the hall to register in the bride's book, provided over by Miss Kate Barr, and then into the library where Punch was served by Miss Lucile Bell and Mrs. Ralph Ghent.

Here Master Ellen characterized the decorations, under the chandelier a large bunch of lilies were suspended, the punch bowl was banked in lilies and on the curtains were placed single lilies.

Here the gifts were displayed and the many lovely presents showed love and admiration for the honoree.

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

**Wonderful Case of Mrs. Stephenson, on the Pacific Coast.**

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicine advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

**A Grateful Atlantic Coast Woman.**

HOBOKEN, N. J.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hoboken, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
